

A FAMILY IN DISTRESS NEEDS OUR SUPPORT

Raahubaat Hau,

As some of you may know by now...

On September 17, 2008 there was a horrible car accident that happened to one of our beloved family members.

**His name is Alton Handfield,
some of you may know him passionately as Brother Akil.
Husband of sista Juvier.**

Brotha Akil's wife,

Sista Juvier is staunch supporter and hard worker towards our Master Teacher's freedom.

Most of you know her directly and indirectly. For she goes by the email name:

goddessoftruth07@yahoo.com

And has kept family here and abroad; morale up with uplifting words of wisdom and visualization.

It is truly a miracle that Akil is alive.

He was trapped in his vehicle and his leg was pinned.

They had to use the [Jaws of Life](#) to cut the car and pull him out.

Akil suffered a severely broken leg (shattered and crushed bone fragments), a broken wrist on the right, and fractured wrist and elbow on the left.

Stitches through out his arms from the glass and torn lip that required stitches in from left to right of his mouth.

On 9/19/08 he had surgery. It was a success!

However Alton will not be able to put any weight on his leg for the first 6 weeks and can not use crutches because of his broken and fractured wrists.

He will be confined to a wheelchair.

After 6 weeks he will begin physical therapy and begin to walk with crutches but will not be able to return to work for some time there after.

As you may or may not know he just bought a house for his family, and was the sole provider for his wife and 2 year old daughter.

They will need our help maintaining.

For all those who care and can help please donate to help this family.

This is a good brother, a model example of a true nuwaubian man.

Anyone who knows Akil knows he has a kind heart, always smiling, speaking out, and always helping others.

At this time we are asking the family for their support.

We Are All We Got.

He is recovering at Athens Regional Hospital.

We ask that the family members contact Akil wife Juvier 706-614-3515 if you have any question or would like to see him.

We know many of the family members who

knows him wants to speak with him but he needs rest.

If you must speak please leave a note with the nurse 706-475-7000 Orthopedics floor.

Thank you.
